I. **PRE-YEAR-END PREPARATIONS**

The timeline recording of expenses is critical to the University’s ability to produce accurate financial reports and statements. Beginning today, we ask that you actively take measures to submit invoices for payment as soon as possible. Steps to be taken should include the following:

A. Process purchase order increases and change orders in ARIBA to facilitate invoice processing

B. Contact your vendors and obtain outstanding invoices so you can send to Accounts Payable via either of the following:
   - *Physical Location* – Gables One Tower Suite 400G (Locator Code 2943)
   - *Email* – umiami.ap@miami.edu

C. Sending as many invoices to Accounts Payable by Wednesday, June 14th (A/P cutoff) will positively impact the external audit process as well as allows us to generate timely financial reports for Senior Leadership.

II. **WHAT WE NEED YOU TO DO**

A. Please designate a responsible individual in your area to be available through August 25th to answer questions pertaining to journal entries, account status, analysis needed for the auditors, and other information required for the year-end closing.

B. Review the following to identify possible errors and omissions. All journal entries for corrections/adjustments/true-ups must be submitted as soon as possible but no later than the dates reflected in remaining sections herein.
   - April monthly accounting reports and related data (including report 90’s, FRS, Data Warehouse, DMAS).
   - During the month of May, as often as possible, review the on-line screens of the Financial Record System (FRS) and/or the Departmental Management Accounting System (DMAS) to examine transactions posted against your accounts.
   - Beginning June 1st through-out the year-end close, the Financial Data Warehouse (FDW) will be refreshed daily. This will enable you to review and examine transactions posted against your accounts.

C. **Clear Payroll Default Accounts:**

Default accounts are not valid accounts to hold salary charges. These accounts are used as temporary buckets until the correct account is identified. Default accounts must be cleared and payroll journals processed as soon as possible. Please note any charges left in default accounts after June 14th will be charged to your departmental accounts.
D. Using the Key Contact listing herein, contact the applicable central office personnel to address any questions you may have throughout the year-end close process.

E. Tax Return Preparations:

Information requests for the University’s various tax returns will be sent out within the next couple of weeks. As applicable, please begin your preparation process for completing items requested in prior years and contact the following person with any question you may have:
